Alumni Reconnection

The Scots College and the Old Boys' Union strictly uphold the privacy of all graduates. Under no circumstances will information be given out on any graduate without their explicit consent.

For example, if you graduated in 1976 and you would like details on 'John Smith' who graduated in your class we would need to do the following. Firstly, we would need to contact Mr Smith and inform him you are seeking his contact information and obtain from him his consent to provide that information to you. If Mr Smith declines to provide the information we will ask him whether or not, he wishes us to inform you of his declining to contact you.

Queries can take up to two weeks to process and can sometimes take longer when it is hard to contact all parties involved.

Under no circumstances will we facilitate contact for ANY purpose other than connection between two graduates. A list of frequently denied requests are provided:

- Romantic enquiries
- Familial issues/connection with estranged children
- Businesses/creditors seeking information
- Executive Vetting/ background checks
